GAME NOTES

HOUSTON DYNAMO FC CONTINUES PLAYOFF PUSH AT SHELL ENERGY STADIUM VERSUS THE PORTLAND TIMBERS

Houston Dynamo FC host the Portland Timbers on Saturday, Sept. 20, at Shell Energy Stadium, with kickoff scheduled for 7:30 p.m. CT. Fans can secure their tickets for the match and to all Dynamo home matches via HoustonDynamoFC.com.

The Dynamo still remain within two points of the Audi 2025 MLS Cup Playoffs line with four regular season matches remaining this season, including two home matches and two road matches.

The Dynamo hold a 4-1-0 (WLD) record in their last five regular season matches versus the Timbers, outscoring Portland 12-6 during that stretch. The most recent result at Shell Energy Stadium came in March last season, when the Dynamo earned a 1-0 home victory behind a goal from former Dynamo forward Aliyu Ibrahim.

Saturday's match will also feature Noche Latina, presented by Verizon. Fans can look forward to a gate giveaway Dynamo-Dash co-branded limited-edition rally towel, specialty food items, the Shell Energy Moment of the match spotlighting rapper Baby Bash and a live halftime performance by Rice University's Mariachi Luna Llena and much more.

Two lineup notes for this weekend are that head coach Ben Olsen (yellow card accumulation) and Artur (red card) will be suspended for Saturday's match.

Saturday's fixture could potentially mark midfielder Júnior Urso's 100th MLS regular season start. The Brazilian joined the Dynamo ahead of the 2025 season after stints with Orlando City SC (2020-22 and the end of 2023) and Charlotte FC (2024).

Forward Ezequiel Ponce leads the team's attack with 11 goals across all competitions, including nine in regular season play, while midfielder Jack McGlynn sits second with seven goals in all competitions. McGlynn also leads the team in distribution with seven assists, followed by defender Griffin Dorsey with six assists.

Houston is coming off a 2-1 road loss to the Colorado Rapids. However, the match saw McGlynn score his sixth goal of the season and forward Lawrence Ennali record his second assist of the year when the German beat a defender along the left side, making his way to the endline, and chipping the ball toward the back post for a streaking McGlynn, who had a simple first-time tap into the back of the net from close range.

Earlier this week, the Dynamo exercised the purchase option for defender Felipe Andrade, who is now under contract through 2027 with Club options through 2029. Houston initially signed Andrade to a one-year loan with Houston Dynamo 2 from Brazilian side Fluminense FC in February before extending him a first team loan in May, making him the seventh player to graduate from Houston's second team to the first team. The Brazilian has recorded four goals and one assist in 25 appearances for the Dynamo across all competitions since joining the first team on loan in May.

Homegrown midfielder Brooklyn Raines will represent the United States at the upcoming 2025 FIFA U-20 World Cup, after being named to the roster by head coach Marko Mitrović earlier today. The 24th edition of the tournament will be hosted in Chile from Sept. 27 through Oct. 19, and the U.S. will compete in Group E versus France, New Caledonia and South Africa. With the Dynamo, Raines has established himself as a key contributor in the midfield, making his MLS debut at just 17 years, five months and 24 days (Sept. 4, 2022, at SEA), before totaling 45 combined appearances in MLS regular season and postseason play.

Portland enters Saturday's match following a 2-1 home victory over the New York Red Bulls last weekend at Providence Park. Matias Rojas opened the scoring in the 28th minute for the Timbers, and Antony netted the game winning goal in the 73rd minute after the Red Bulls equalized just three minutes earlier. Antony leads the team's attack with seven goals and seven assists. The Timbers currently sit sixth in the Western Conference with 42 points and a 11-9-9 (WLD) record.

Houston next travels to face Nashville SC on Saturday, Sept. 27, in a cross-conference match at GEODIS Park, with kickoff scheduled for 7:30 p.m. CT. Fans can follow the action live via MLS Season Pass on Apple TV.

ABOUT SHELL ENERGY STADIUM

Shell Energy Stadium is a state-of-the-art, open-air stadium designed to host Houston Dynamo FC matches, Houston Dash matches and Texas Southern University football games as well as additional professional, collegiate and community sporting events, concerts, exhibitions, conventions and special events. Opened on May 12, 2012, the 340,000-square foot, 21,000-seat stadium is the first soccer-specific stadium in Major League Soccer located in a city’s downtown district.

An architecturally stunning building, the stadium features 94,000 square feet of aluminum panels on its exterior, giving it a modern and stylish appearance. Each of the panels is 50 percent open to improve air flow throughout the concourses. Canopies extend 75 feet over the stands on the east and west sides of the stadium, and a stage canopy extends 125 feet over the south end, providing shade to soccer fans and a built-in speaker setup for concerts. With its downtown location, the stadium is a part of a true ‘Stadium District,’ which includes Minute Maid Park and the Toyota Center, as well as the George R. Brown Convention Center, Discovery Green, Warehouse Live and House of Blues.

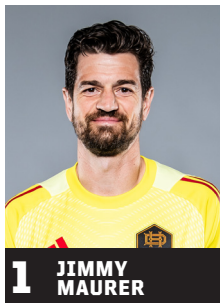

The stadium was awarded the LEED® Silver certification from the U.S. Green Building Council in December 2012. The venue has been identified as a pioneering example of new construction and sustainable design and is considered a leader in transforming the building industry.

On June 13, 2019, the stadium was officially renamed from BBVA Compass Stadium to BBVA Stadium. The new stadium name and corresponding signage change was part of BBVA’s ongoing brand unification happening across the globe. BBVA Group’s new logo and brand signals an advancement in the financial institution’s efforts become a single, global digital entity in all areas where it operates. The stadium was again renamed again in 2021 following the merger of PNC Bank and the U.S. division of BBVA.

The venue reopened its doors as Shell Energy Stadium in 2023 following an agreement between Houston Dynamo Football Club and Shell Energy. Both organizations are pursuing a variety of integrated energy and decarbonization solutions at the stadium, while also collaborating on important community initiatives. This includes a near-term goal to reduce the Club’s scope one and scope two greenhouse gas emissions by 50 percent by 2026 from a 2018 base year.
