POSTGAME QUOTES

Bruce Arena

On earning a point against LAFC tonight:

"The fact that we went down two goals and came back and got a point out of the game is a tremendous test of character and competitiveness on our part. I thought LAFC did an outstanding job in trying to close out the game. So give both teams credit. This was a really good MLS game today. A lot of quality out there."

On the matchup and quality on both sides of the pitch:

"I think that was a very entertaining game for the people here—and to see players like Son [Heung-min] and [Denis] Bouanga and [Hugo] Lloris, he was fantastic. And to see quality like [Timo] Werner and have those kind of players on the field—that was enjoyable and a great setting. The stadium did a fantastic job. The fan base was great. So a good day for MLS."

Reid Roberts
@reid.roberts4

On his 98th-minute goal and decision to shoot:

"Yeah, we kept getting high up the field into the final third, creating chances. I kept getting the ball in that same area a couple of times, and I was thinking about shooting, but shooting isn't my best ability, so I didn't want to waste it. But I just had an instinctive moment where I took a decent touch and went for it, and it went into the bottom right corner. So I'm super happy I took the shot."

On the team's formation change and performances since the break:

"Yeah, I feel like at the beginning of the season, we pretty much had our way with every team, and no one could really figure us out. Coming back from the break, I feel like teams had started to figure us out and how to expose our weaknesses. With the formation change and Edu [Löwen] coming in, it's been great. We have a lot more numbers in the midfield, and we have some really talented midfielders. Having those numbers in the middle helps us win the ball back when we lose possession, and we're more secure in the back with three center backs and two wingbacks. I think that's been a big reason why we've been doing better."

Storylines

- SWEEP ON THE LINE:** The Earthquakes are looking for a regular-season series sweep for the first time in club history against Portland after beating them 3-1 on the road at Providence Park for the first time ever in league in 20 tries on May 23. Preston Judd had a brace, Nick Fernandez recorded two assists and Daniel Munie added an insurance goal.
- 9,000TH MLS GAME:** Saturday marks the 9,000th regular-season game in MLS history. The Quakes also hosted the very first MLS game on April 6, 1996, at Spartan Stadium—a 1-0 win over D.C. United thanks to a late goal from Eric Wynalda. The team was then known as the Clash.
- ON THE TABLE:** The Earthquakes are fifth in the Western Conference (12-8-6, 42 points; 46 GF, 38 GA), while the Timbers are in ninth (9-12-5, 32 points; 47 GF, 48 GA).
- LAST MATCHDAY:** San Jose stole a point at the death with a 98th-minute Reid Roberts stoppage-time goal to draw with the LAFC 2-2 at Levi's Stadium. The crowd of 40,518 was the ninth largest for a 2026 MLS regular-season match. Meanwhile, Portland lost 1-0 at home to Atlanta United FC despite outshooting the visitors 17-9 and leading possession 55-45%.
- AT THE DEATH:** Reid Roberts' 98th-minute goal vs. LAFC was the team's first in second-half stoppage time. It also was the first game in five tries where they erased a 2-goal deficit.
- PROGRESS:** The Quakes passed the 2025 campaign's total of 41 points last Saturday as the draw vs. LAFC elevated them to 42 with eight games left in the regular season.
- BACKLINE BOYS:** Since Bruce Arena switched to a three-man back line on Aug. 29 vs. Houston, the Quakes snapped a six-game winless streak after the World Cup break and have since gone on a five-game unbeaten streak (2-0-3).
- SERIAL THREATS:** Preston Judd had a brace last time out against Portland on the road in May to top the career scoring list against the Timbers among the current Quakes with three goals (3g/0a). DeJuan Jones has three career assists (0g/3a) but is out with injury. Univ. of Portland alum Nick Fernandez also had a big game in May in his return to the Rose City, recording a pair of assists (0g/2a).
- FOR COUNTRY:** Ousseni Bouda (Burkina Faso), Angus Gunn (Scotland), Darius Johnson (Grenada) and Ronaldo Vieira (Guinea-Bissau) have been called to their respective national teams for international duty and will miss Saturday's match.
- I'M LÖWEN IT:** The Quakes traded \$425K in GAM + add-ons to St. Louis for German international midfielder Eduard Löwen. The 29-year-old playmaker is San Jose's second Designated Player alongside countryman Timo Werner. Though he has yet to record his first goal contrib. with SJ, the Quakes are unbeaten since Löwen debuted at Houston on Aug. 29 (2-0-3).
- SPEED DEMONS:** Daniel Munie is eighth in terms of top speed among all MLS players at 22.36 mph, with Jamar Ricketts seventh at 22.47 mph. Munie's speed is the fastest among center backs in MLS. Ricketts is the second fastest left back. SKC's Capita Capemba has the fastest speed so far (23 mph).
- PICK YOUR POISON:** Eight different Quakes have 2+ goals in MLS play (Preston Judd, Beau Leroux, Niko Tsakiris, Ousseni Bouda, Daniel Munie, Reid Roberts, Jack Skahan, Timo Werner) while 10 different Quakes have 2+ assists (Bouda, Beau Leroux, Nick Fernandez, Judd, Paul Marie, Munie, Jamar Ricketts, Skahan, Tsakiris and Werner).

Connections

- BACK TO THE ROSE CITY:** Quakes Goalkeepers Coach Adin Brown finished his playing career with the Portland Timbers (2010-11), before coaching in POR from 2015-20. Nick Fernandez also returns to Portland, where he played five seasons as a member of the University of Portland Pilots (2020-24) and was 3x All-WCC first team.
- SHARED HERITAGE:** San Jose and Portland share roots in the North American Soccer League (NASL). The Quakes joined in 1974 and the Timbers followed one year later.

The Quakes, then known as the Clash, also hosted the very first MLS game on April 6, 1996, at Spartan Stadium—a 1-0 win over D.C United thanks to a late goal from Eric Wynalda.

NEXT MAN UP: DEPTH BY A THOUSAND BLOWS

In the offseason, the trio of Josef Martínez (14g/2a), Chicho Arango (13g/7a) & Cristian Espinoza (4g/12a), who accounted for 31 of SJ's 60 goals (52%) and 21 of 41 assists (51%), all left.

But a closer look at the stats shows that not only have their replacements excelled in filling the gap, the overall depth production is even better than last year.

The Quakes traded \$425K in GAM + add-ons to St. Louis CITY SC for German international midfielder Eduard Löwen. The 29-year-old playmaker is San Jose's second Designated Player alongside countryman Timo Werner after 3 1/2 seasons with St. Louis, where he amassed 20 goals and 27 assists. Defensively he's having his best year with 71.2% aerial duels won.

ONGOING SEASON STORYLINES

The Bruce Bump: Year 2 Track Record

Bruce Arena is the most accomplished coach in American soccer history, but a closer look at his resume at MLS level reveals a terrifying trend for his opponents once he has a full year to lay his foundation:

- **D.C. United (1997):** After building the team from scratch and winning the inaugural MLS Cup presented by Audi in 1996, Arena's second season cemented a dynasty. D.C. United captured the Supporters' Shield and went back-to-back to win the 1997 MLS Cup.
- **Red Bull New York (2007):** Arena only coached one full season after joining New York midway through 2006, but he still steered the team to the 2007 Playoffs if we consider that "Year 2".
- **LA Galaxy (2010):** After taking the helm in late 2008 and reaching the final in his first full year, Arena's second full season in 2010 resulted in a Supporters' Shield, laying the groundwork for the Galaxy's back-to-back MLS Cup run.
- **New England Revolution (2021):** Arena arrived in Foxborough in mid-2019. By 2021—his second full season in charge—he orchestrated a historic campaign, capturing the Supporters' Shield while shattering the MLS single-season points record (73 points).

Timo Time in San Jose

The Earthquakes acquired German international Timo Werner from German Bundesliga side Red Bull Leipzig on a permanent transfer in the offseason and signed him to a Designated Player contract through June 2028. Werner comes to Major League Soccer as the biggest signing in Earthquakes history following a distinguished career that includes a UEFA Champions League title and a parade of trophies at every level, compiling 154 goals across all competitions over an illustrious career in the Bundesliga and English Premier League representing RB Leipzig (over three occasions), Tottenham Hotspur, Chelsea FC and VfB Stuttgart.

A multifaceted attacker known as "Turbo Timo" for his pace and ability to accelerate, he has vast experience playing both wing positions, as a second striker and up front at center forward. In addition to being a prolific scorer and clinical finisher, Werner has displayed a proclivity to create chances for his teammates, as evidenced by his 54 career assists in league play alone.

Belief in the American Player

It's only fitting that the most decorated coach in American soccer history has put together a team that leads the league in domestic players. **No team in MLS has more college players on the roster (19) or averaged more American players in the starting 11 more in 2026 than Bruce Arena's Earthquakes (7.7).**

The Fastest Back Line in the League

The Quakes achieved their first 3-0-0 start since starting MLS play in 1996, opening with clean sheets over Sporting Kansas City, Atlanta United FC and the Philadelphia Union. With three straight shutouts, the Quakes were just one game away from tying the club record of four consecutive set in August 2015. They have since recorded two more in the following three games to match the clean sheet total of all last season (5).

A big key to that success has been the back line, starting with the center back pairing of former SuperDraft first-round selections Daniel Munie (2023) and local pick Reid Roberts out of the Univ. of San Francisco (2025). Converted forwards Jamar Ricketts (2024 Rd. 1) on the left (who replaced DeJuan Jones after an unfortunate Achilles injury) and Benji Kikanović (signed out of college) on the right round out this speedy foursome. **Munie (22.36 mph) and Ricketts (22.34 mph) are among the top three defenders in MLS when it comes to top speed.**

A Coming-of-Age Core

While Timo Werner's debut has garnered the lion's share of headlines, the attacking core around him has produced to fuel the Quakes' hot start. Werner's first three assists were to former SuperDraft first-round pick **Ousseni Bouda** out of Stanford (five goals), while **Preston Judd** leads SJ with a career-high 11 goals as well. Another SuperDraft first-round pick, **Jamar Ricketts**, also had two assists in the first three matches, which signifies San Jose's belief in domestic players, but also their ability to perform in MLS. **Reid Roberts**, a SuperDraft first-rounder pick out of USF, has worked himself into a stabilizing presence in the Starting XI and earned Team of the Matchday honors on May 4 after making one of the defensive plays of the year to secure a 1-1 draw in Toronto.

Academy Alumni in the Midfield

While captain Ronaldo Vieira is the enforcer in defensive midfield, he partners with a pair of local boys with origins in the Quakes Academy. **Niko Tsakiris from nearby Saratoga and Beau Leroux from San Jose both played in the Earthquakes' youth system before making it to the first team.** Tsakiris has started the season in central attacking midfield with seven assists and Leroux, a box-to-box midfielder and San Jose State University alum, has three goals and five assists so far in 2026 league play. Tsakiris missed seven games due to a groin injury but has returned after the break.

Investments in Infrastructure

Since Bruce Arena's arrival as Head Coach/Sporting Director, ownership's investment in the club's infrastructure in and around PayPal Park to stay competitive in a burgeoning league has been readily apparent.

In the stadium, the club committed \$1 million during the offseason toward a revamped Habbas Law Epicenter, the fan zone behind the North End scoreboard, which includes new furniture/decor/activations as well as the Longest Outdoor Bar in North America and the new Rank+Rally Team Store, which has quadrupled in size. This renovation comes off the heels of the installment of 11 KS28 high-powered dual subwoofers by L-Acoustics, along with a brand-new DJ Booth last year. The Bermudagrass playing surface is also brand new for 2026.

The upgrades have extended to the area outside the stadium, too. The club added a second Bermudagrass field to the adjacent Training Facility, and across the street from PayPal Park, there is a new coach's office, conference room, video meeting room, players' lounge and dining hall.

Midseason New Faces

The Earthquakes were busy during the break, **acquiring Scotland World Cup starting goalkeeper Angus Gunn** on a free agent contract through 2029-30 and **Australian A-League Golden Boot co-winner Luka Jovanović** to a U-22 Initiative contract. They later traded \$425,000 in 2026 GAM to St. Louis plus \$500,000 in conditional GAM for **German international midfielder Eduard Löwen**.

Gunn, formerly of English Premier League side Nottingham Forest FC, started all three games for Scotland in the FIFA World Cup, earning a clean sheet as they narrowly missed out on the knockout stage. Gunn replaces the recently traded Daniel, who was shipped to FC Dallas in exchange for up to \$1 million in GAM with \$700,000 GAM guaranteed over 2026 and 2027. Meanwhile, Jovanović scored 11 goals for Adelaide United FC to earn a share of the Golden Boot as the league's top scorer. The striker also has youth international experience with both the Australia Under-20 and U-23 teams. Löwen, a 2020 Olympian, is San Jose's second Designated Player alongside countryman Timo Werner after 3 1/2 seasons with St. Louis' first team, amassing 20 goals and 27 assists.

HEADLINER KIT

The Headliner Kit tells the Earthquakes' story through the cultural and aesthetic lens of the legendary Bay Area punk rock scene. Created by adidas in partnership with punk icon Lars Frederiksen, emblazoned on the kit is a chaotic flyer collage design with a mish-mash of fonts, handwritten elements and tags, distorted bitmap illustrations, and other elements of the chip-on-your-shoulder attitude that defines both the Bay Area and the Quakes. The crest area features lyrics from the club's official anthem, "Never Say Die," which was written by Frederiksen.

2026 KITS

THE DEAD KIT

In honor of the Grateful Dead's recent 60th Anniversary, the Earthquakes are rocking The Dead Kit as a tribute to one of the most iconic bands to ever hail from the Bay Area. The Grateful Dead's uncanny influence on the psychedelic music scene and the region's revolutionary spirit has rippled through time, starting on Dec. 4, 1965, when the Grateful Dead performed for the very first time under that name at an "Acid Test" party in the heart of San Jose at a Victorian house on South Fifth Street where the Janet Gray Hayes Rotunda at City Hall currently stands.

QUAKES FOUNDATION COMMUNITY HIGHLIGHTS

One Ball Can Change a Life

For over 50 years, the Earthquakes have witnessed firsthand the power of soccer to change lives through a variety of ways, like building individual character and creativity, fostering collective values like teamwork, offering safe spaces to play and dream, and even opening doors to new worlds. To turn this vision into action, the club will donate 15,000 soccer balls to the community this year in support of transformational Quakes Foundation programming, which includes school visits, the club's growing Saturday Night Lights futsal program, youth tournaments, clinics, camps and other events throughout Northern California.

"Our work in local communities shows us every day the lasting impact a soccer ball can have on a young life in helping to both create positive outcomes and helping steer kids away from negative ones," said Earthquakes VP of Community Relations Robert Davis. "That is why every soccer ball matters; one ball can literally make an incredible difference."

Saturday Night Lights presented by CalHOPE

A new program under the Quakes Foundation, launched in April, was Saturday Night Lights presented by CalHOPE. This was a 10-week pilot offering free, safe futsal nights for youth in underserved San Jose neighborhoods. The program was hosted at two sites, including LeyVa Middle School and Washington United Youth Center. The program combined soccer, mentorship, food, and mental health support to create a trusted space on weekend nights.

The impact was real: 100% of LeyVa participants were promoted to high school (including several at-risk students), with zero disciplinary incidents and increased school attendance. Families reported stronger connections, better behavior at home, and more positive views of law enforcement.

52K Meals

in partnership with the PG&E Foundation

For the 2026 season, the Quakes Foundation and the PG&E Corporation Foundation continued their partnership to address the growing issue of food insecurity in the Bay Area and its surrounding areas.

Through the 52,000 Meals program, the Quakes Foundation awarded monetary grants to 12 impactful nonprofits in East SJ, Gilroy, Watsonville, Salinas, E. Palo Alto and Merced.

Get EQ Fit presented by El Camino Health

Get Earthquakes Fit, presented by El Camino Health, is a five-week health and fitness program designed for third and fourth-grade students. The program features 10 interactive games that promote physical activity while reinforcing healthy nutrition habits. Designed to be simple and turnkey for educators, the curriculum requires minimal preparation while remaining fun, engaging, and educational for students.

The program concluded with closing ceremonies at each participating school, celebrating student achievements with special appearances from Earthquakes players.

Quakes Unified Team

in partnership with Northern California Special Olympics

The Quakes Unified Special Olympics soccer team integrates individuals with intellectual disabilities (Special Olympics athletes) and individuals without intellectual disabilities (Unified player partners) to compete together on one team. Quakes Unified conducts regular training sessions and competes against other MLS Unified teams.

Last year, the Quakes Unified Special Olympics team traveled to Los Angeles for its first major road trip. The inaugural Unified California Clásico, hosted by LAFC, featured Unified teams representing the San Jose Earthquakes, LA Galaxy, LAFC, and Sacramento Republic FC. Quakes Unified concluded the tournament with a second-place finish.

BRUCE ARENA

SPORTING DIRECTOR & HEAD COACH

Bruce Arena is the winningest coach in MLS and U.S. Men's National Team history. The 2026 season will mark his 21st season coaching at domestic club level, with stops at the New England Revolution (2019-23), LA Galaxy (2008-16), New York Red Bulls (2006-07) and D.C. United (1996-98).

Arena has raised the MLS Cup an unprecedented five times (1996, 1997, 2011, 2012, 2014), the Supporters' Shield four times (1997, 2010, 2011, 2021), the Concacaf Champions Cup (1998), the Copa Interamericana (1998) and the Lamar Hunt U.S. Open Cup (1996). He has won the most regular-season games (see below) and postseason games (35) in MLS history and been named MLS Sigi Schmid Coach of the Year a record four times (1997, 2009, 2011, 2021).

At the international level, he led the U.S. Men's National Team to heights previously unseen in the modern era. During his tenure in charge, the USMNT reached two FIFA World Cups (1998, 2002) — making the quarterfinals for the first time in 72 years in 2002 — while winning the Concacaf Gold Cup three times (2002, 2005, 2017) and finishing as the team's career leader in victories (81).

Arena, a native of Long Island, New York, also won five NCAA national championships (1988, 1991, 1992, 1993, 1994) during his time as head coach at the University of Virginia from 1978-95.

COACHING STAFF

Dave Sarachan comes to San Jose as an accomplished leader in his own right, having won the MLS Coach of the Year award (2003), the Supporters' Shield (2003) and the U.S. Open Cup twice (2003, 2006) as head coach of Chicago Fire FC from 2002-07. Most recently, he was an assistant coach for Maccabi Tel Aviv, winning the Israeli Premier League and qualifying for the UEFA Champions League in his lone season with the Yellows (2023-24). Sarachan joins Arena for the sixth time, having previously served as an assistant coach on his staff at club level with the Galaxy (2008-16) and D.C. United (1997-99), as well as for two different eras on the U.S. Men's National Team (1999-2002, 2017) and the University of Virginia (1984-87). Alongside Arena, Sarachan has won four MLS Cups (1998, 2011, 2012, 2014), two Supporters' Shields (2010, 2011), one Concacaf Champions Cup (1998), one Copa Interamericana (1998) and two Concacaf Gold Cups (2002, 2017). During that second spell with the USMNT, Sarachan succeeded Arena as interim head coach (2017-18). A native of Rochester, N.Y., Sarachan possesses further head coaching experience with the Puerto Rico national team (2021-22), North Carolina FC in USL Championship (2018-20) and collegiately at Cornell University (1988-97).

Shalrie Joseph joins Arena for the second time after serving as his assistant coach in New England (2022-23) and as an assistant for the club's Supporters' Shield-winning campaign in 2021 while coaching various age groups in the Revolution Academy (2020-22). A native of Grenada who earned 20 caps and scored one goal with them as a player, Joseph took the helm as head coach of his national team from 2018-19. He eventually led The Spice Boys toward qualification for the 2021 Concacaf Gold Cup and promotion to League A in the 2019-20 Concacaf Nations League. As a standout midfielder who played 13 MLS seasons (2003-15)—11 with the Revs—Joseph was selected eight consecutive times for the MLS All-Star Game (2004-11) and received four MLS Best XI nods (2005, 2007-09). In N.E., he was teammates with current Quakes assistants Steve Ralston and Adin Brown, with the full trio overlapping from 2003-04. Joseph, a St. John's University alum, ended up playing in three MLS Cup finals (2005-07) for the Revs, capturing the North American SuperLiga in 2008 as well as the U.S. Open Cup in 2007.

Steve Ralston originally joined the Earthquakes as an assistant coach in 2015 after four years in the same capacity with Houston Dynamo FC. He took over as interim head coach of the Quakes for the final six games of 2018. After three years away, he returned to San Jose as an interim assistant coach in 2022. A native of St. Louis and Florida International University alumnus, Ralston retired from MLS in 2010 as the league's all-time leader in assists (135), games played (378), starts (372) and minutes (33,143). He scored 76 goals over 13 MLS seasons and played in four MLS Cup finals for New England, serving as captain (2007-09) and winning the North American SuperLiga in 2008 and the U.S. Open Cup in 2007. Ralston was named an MLS All-Star seven times and received MLS Best XI recognition three times (1999, 2000, 2002). At international level, he earned 36 caps for the U.S. (1997-2007) and scored four goals, winning the 2007 Concacaf Gold Cup.

Adin Brown returns to the Earthquakes as goalkeeper coach. Brown most recently served as goalkeeper coach for Chicago Fire FC (2020-22). Prior to joining Chicago, Brown was goalkeeper coach for the Portland Timbers (2015-17) and Timbers2 (2018-19), helping the club win its first MLS Cup in 2015. He also served in the same role for the University of Portland (2013-15). Brown, a native of Pleasant Hill, California, and graduate of De La Salle High School, attended the College of William & Mary and was just the third goalkeeper in NCAA history to be named a First-Team All-American twice. The third overall pick in the 2000 MLS SuperDraft, Brown appeared 85 times over seven seasons, making his mark with New England (2002-04) where he posted a 1.42 goals against average over three years and had the Revs on the brink of winning the 2002 MLS Cup. He also played abroad for Aalesund FK (2005-09), helping lead them to the Norwegian top tier in 2007. Internationally, Brown was the U.S. starting keeper throughout qualification for the 2000 Summer Olympics but missed the final competition due to injury.
